Passkeys

Hardware

Headset

Desktop

OpenWallet
FOUNDATION

Wallets will be as essential as Browsers.

Browser Construction

Browser
(Chrome, Edge, …)

Open Source Engine
(e.g. Blink)

Standards
(HTTP, HTML, CSS, JavaScript,…)

Better cost efficiency
Shorter time to market
Greater interoperability
Benefits for users

OpenWallet
FOUNDATION

Future Wallets

Wallet

OpenWallet
Shared Open Source Software Components

Standards
(W3C VC, ISO/IEC 18013, ERC 721, EMVCo, CCC, FIDO…)

Rules
(EU Toolbox,..)

Better cost efficiency
Shorter time to market
Greater interoperability
Benefits for users
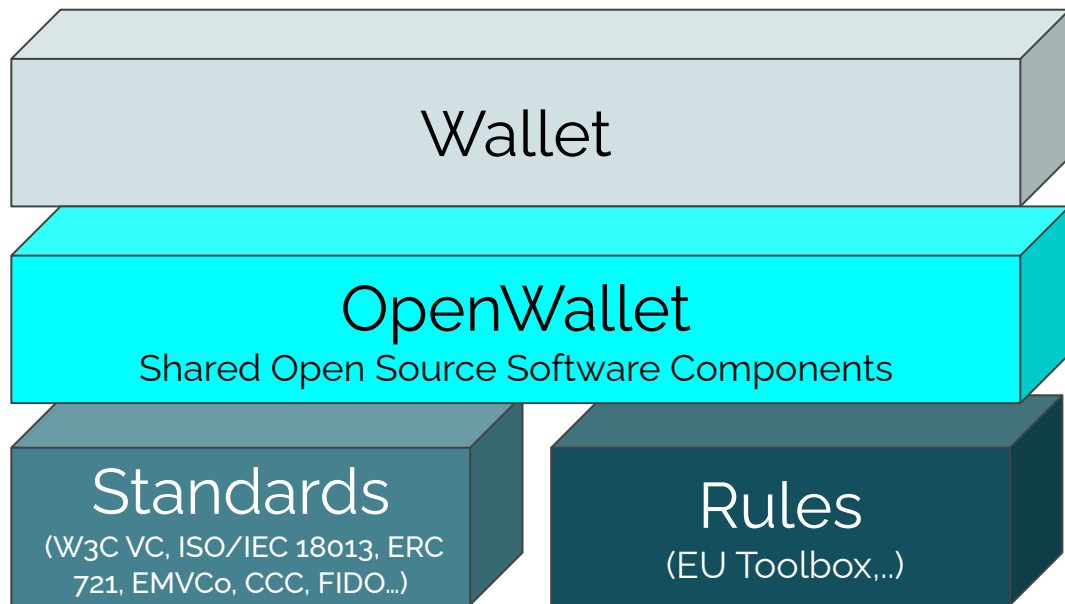

OpenWallet
FOUNDATION

OpenWallet Foundation Focus Areas

- ~~Governance~~
- ~~Trust frameworks~~
- ~~Standards~~
- Code

OpenWallet
FOUNDATION

Mission Statement

The OWF is a consortium of companies and non-profit organisations collaborating to drive global adoption of open, secure and interoperable digital wallet solutions as well as providing access to expertise and advice through our Government Advisory Council.

The OWF aims to set best practices for digital wallet technology through collaboration on standards-based OSS components that issuers, wallet providers and relying parties can use to bootstrap implementations that preserve user choice, security and privacy.

Structure of the Foundation

THE LINUX FOUNDATION | Europe

OpenWallet FOUNDATION

GOVERNING BOARD

GOVT ADVISORY COUNCIL

TECHNICAL ADVISORY COUNCIL

Corporations pay a membership fee, non-profits and public sector participate for free

PROJECT ABC

PROJECT DEF

...PROJECT XYZ

Anyone can use and contribute code for free

Why I am here

- Loffie Jordaan, **AAMVA**
- Doc Searls, **Customer Commons**
- Dirk Backofen, **Deutsche Telekom**
- Vasily Suvorov, **DIDAS**
- Clare Nelson, **DIF**
- Peter Altmann, **DIGG**
- André Kudra, **esatus**
- Daniela Barbosa, **Hyperledger Foundation**
- Sebastian Elfors, **IDnow**
- Tim Brückman, **IAMX**
- Ethan Veneklasen, **ID2020**

- Sutton Maxwell, **IndyKite**
- Viky Manaila, **Intesi Group**
- Nat Sakimura, **OpenID Foundation**
- Thomas Hardjono, **MIT**
- Sanjay Jain, **MOSIP**
- Nick Mothershaw, **OIX**
- Patrick Harding, **Ping Identity**
- Lukas Fluri, **Smart Media**
- Judith Fleenor, **ToIP**
- Debora Comparin, **SIA**
- Brian Behlendorf, **Linux Foundation**
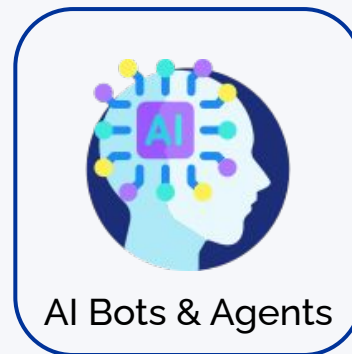

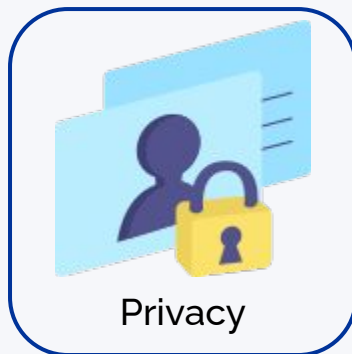

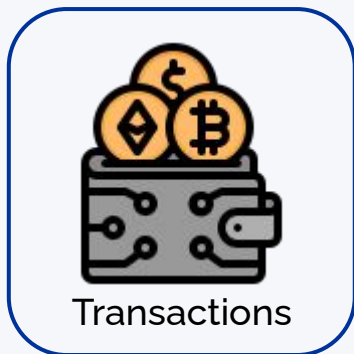

How do I get Involved?

Please visit openwallet.foundation for information on how organizations can join the project and for information on how to contribute.
